ACCEPTED/FILED

SEP - 3 2014

To: FCC Secretary, Marlene H. Dortch
Honorable Chairman and Commissioners

Federal Communications Commission
Office of the Secretary

MOTION TO ACCEPT PLEADING OUT OF TIME

Please accept this motion from Texas Grace Communications ("Grace") as a request for acceptance of the accompanying pleading titled, "REQUEST FOR RECONSIDERATION, AND REINSTATEMENT OF TEXAS GRACE COMMUNICATIONS' 97.5 KRZB-FM ARCHER CITY, TX CONSTRUCTION PERMIT AND STATION/SPECTRUM RIGHTS" filed on today's date.

Although prepared for timely submission to the Commission yesterday, September 2, 2014, Grace was informed after previously placing its delivery order with its usual Washington D.C.-based document courier service that the courier would not be able to deliver the above-referenced pleading to the FCC by yesterday's 7 p.m. deadline.

In the attached email, Samuel Flores, of Berry Best Services, Ltd., explains, "We are really sorry we could not do the filing for you yesterday, our timing just did not work."

After receiving the call that Berry Best could not facilitate the delivery, Grace attempted to secure a replacement courier, but was unable to find one able to timely handle the submission.

Grace next called the FCC to inquire about making the filing electronically, and was directed by the Office of the Secretary to contact the electronic filing assistance unit, from which Grace was not able to obtain live help, but left a voicemail message for Konrad Herling. Since Grace was unable to properly navigate the electronic filing page, Grace emailed a copy of his pleading to Mr. Herling to ask if it could be please be entered in the system.

Mr. Herling was kind enough to call Grace's proprietor this morning, but indicated that his FCC email account was unable to receive transmission of Grace's pleading yesterday because its file size exceeded the 10 MB limit. Grace, however, was unaware of this, since its gmail never returned the submission as undelivered.

To ensure that the Commission does receive this vitally important pleading, Grace is re-submitting it in hard copy form this afternoon, and asks that it please be accepted. The pleading is extremely important because it deals with the life or death of its 20-year business, and Texas Grace's right to maintain its valuable FM radio station asset, KRZB-FM in Archer City, TX.

The Secretary's and Commission's acceptance of this pleading is clearly in the public interest, to ensure that this compelling appeal is given fair and just review. Thank you for your consideration and assistance in processing this submission.

Sincerely,

subject: FCC FILING

Dave:

We do hope everything went well with your FCC Filing yesterday...

We are really sorry we could not do the filing for you yesterday, our timing just did not work.

We know how legally important these filings are, that is why I don't want to commit and not deliver.

Hope you understand.

Best,

Sam
